SECTION I: GRANT INFORMATION AND REQUIREMENTS

A. BACKGROUND AND PROGRAM OVERVIEW

In 2003, the City Council approved funding to establish a Neighborhood Investment Program (NIP) under Resolution No. 94 of 2003. This program was implemented in 2004 as a pilot program. NIP has been a significant component of the city's overall neighborhood revitalization strategy. This program is designed to support the efforts of neighborhood-based organizations to implement redevelopment initiatives at the neighborhood level in each Council District. This program is administered by the City of Shreveport ("City") through its Department of Community Development. NIP will support a mixture of citywide and local community development activities. This represents a dramatic change in the way the city works with its residents to reclaim neighborhoods through extensive grassroots citizen involvement to identify neighborhood character, needs and assets in an effort to improve the quality of life.

Community/neighborhood-based organizations can be empowered to successfully improve and maintain their surroundings. Neighborhood capacity building involves not only assisting residents in developing skills and knowledge to tackle social, economic, and physical revitalization issues, but also involves promoting a strong sense of community, a spirit of optimism, and a feeling of capability among residents and leaders.

The City will invite community/neighborhood-based organizations to apply for funding initiatives that develop strategies for their neighborhoods, improve the relationship between citizens and government within these neighborhoods, and promote comprehensive approaches to community development. This program will promote strong partnerships within the city's neighborhoods. Projects will be identified and developed by various neighborhood-based organizations serving throughout the city.

B. PROGRAM MISSION

The mission of the program is to improve the quality of life in neighborhoods, and build the programmatic and financial capacity of neighborhood-based organizations. The concept of NIP believes that a healthy neighborhood is one in which residents and external stakeholders are willing to invest time, energy, and money in the neighborhood.

The theme for the program is *"Neighbors Working in Unity to Change their Community"*.

C. PROGRAM GOALS AND OBJECTIVES

The funding made available will assist in improving neighborhood conditions and stimulate community involvement by utilizing city funds to build viable neighborhoods through community development activities designed for all residents, without discrimination.

The major goals and objectives of the program include:

- Coordinate activities with the City to provide more focused effective delivery of services and response to problems within neighborhoods;
- Strengthen relationships with neighborhoods by involving them in decisions about what is needed to sustain livability;
- Systematically apply city resources to make a dramatic impact in neighborhoods;
- Help the neighborhood groom new leaders to carry on the work of sustaining a quality neighborhood;
- Find a way to identify neighborhood “character” in concrete terms, and efforts that will be undertaken to preserve those unique qualities;
- Proactively address issues related to the aging of neighborhoods and their infrastructure; and
- Catalog and respond to specific needs and opportunities in neighborhoods.

D. ELIGIBLE APPLICANTS

A community/neighborhood-based organization is an organization with a majority of its members residing or doing business in a commonly recognized neighborhood. NIP has funding available only for these types of organizations. A community/neighborhood-based organization may be any wholly secular neighborhood association, civic organization or committee located within the city limits of Shreveport that has been formally organized for at least six (6) months prior to the application date, and have at least nine (9) active members who are residents of the neighborhood. To be eligible for funding under this proposal, at least 75% of the general membership must be composed of residents in the neighborhood in which projects or services will be provided, and organizations must have held at least two (2) neighborhood meetings during the current calendar year (2011). All of the above requirements must be validated by some credible written source such as approved minutes or official articles of incorporation. Funding under Phase III and Phase IV will be limited to organizations with a documented IRS 501 (c) (3) tax exemption status.

F. ELIGIBLE PROJECTS

NIP grants are designed to encourage community/neighborhood-based organizations to implement community/neighborhood improvement projects. Neighborhood strategies will identify major issues in areas such as community development, housing development, economic development, infrastructure, and environmental concerns. These projects should be designed to build clean, healthy, safe, and attractive communities with strong, independent, and capable neighborhood-based organizations. Organizations are encouraged to implement projects which promote inter-racial and/or inter-generational diversity, broad neighborhood support and volunteerism from within the neighborhood, and which focuses on harmony, respect, understanding, and appreciation. Under this proposal, recipients are encouraged to do a joint project within its respective Council District.

In order to be eligible for funding, organizations must:

- **provide a physical improvement to the neighborhood;**
- provide a public benefit within the neighborhood boundaries defined in this application;
- have an accountable neighborhood resident to serve as the authorized representative;
- have goals which can be accomplished no later than the end of the funding period;
- identify a housing development, economic development infrastructure improvement, or large scale neighborhood enhancement project (Phase IV) only; and
- have neighborhood support.

Physical improvement projects may only be installed or constructed on common property owned by the applicant, or approved public property. Physical improvements may not be made or installed on private property unless said improvements are available for public use and enjoyment by residents in the neighborhood, and the applicant has written permission from the property owner to use the property for a public benefit. Obtaining adjudicated or expropriated property is not eligible under this program. **The city of Shreveport requires a building permit for any man-made structure being built or installed on the city's right-of-way or private property.**

Applicants must identify a physical improvement project first. Examples of eligible physical improvement projects are, but not limited to: paint projects, landscaping projects, gateways or community beautification day, etc. In addition, one or more of the following eligible activities may also be approved:

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

Note: If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Foreign person. If you are a foreign person, use the appropriate Form W-8 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:

- The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
- The treaty article addressing the income.
- The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
- The type and amount of income that qualifies for the exemption from tax.
- Sufficient facts to justify the exemption from tax under the terms of the treaty article.
